

I Want My Dinner

John Paul Murray

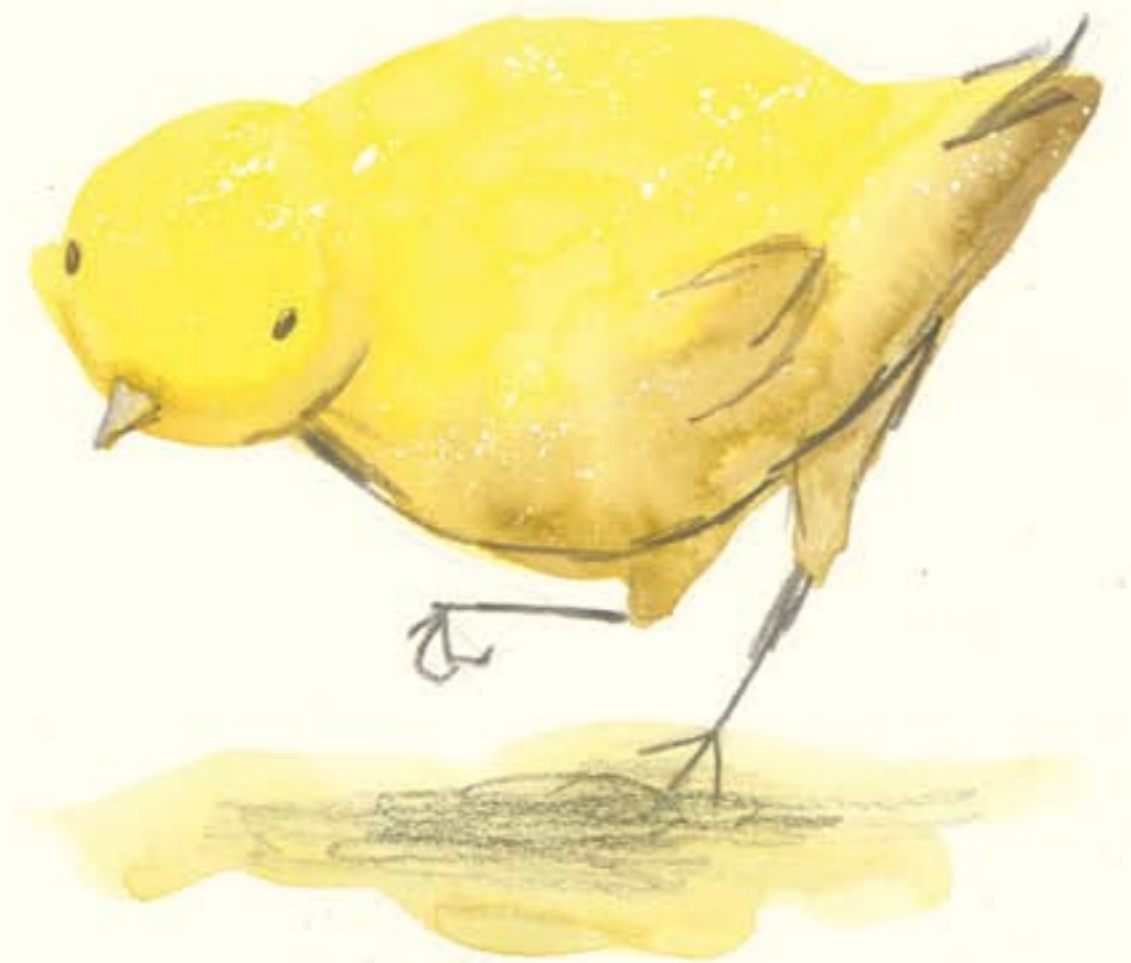

'I want my dinner' said the chick
'I am so hungry!'

'Dinner won't be ready for a while'
said mommy hen
'So go outside and play!'

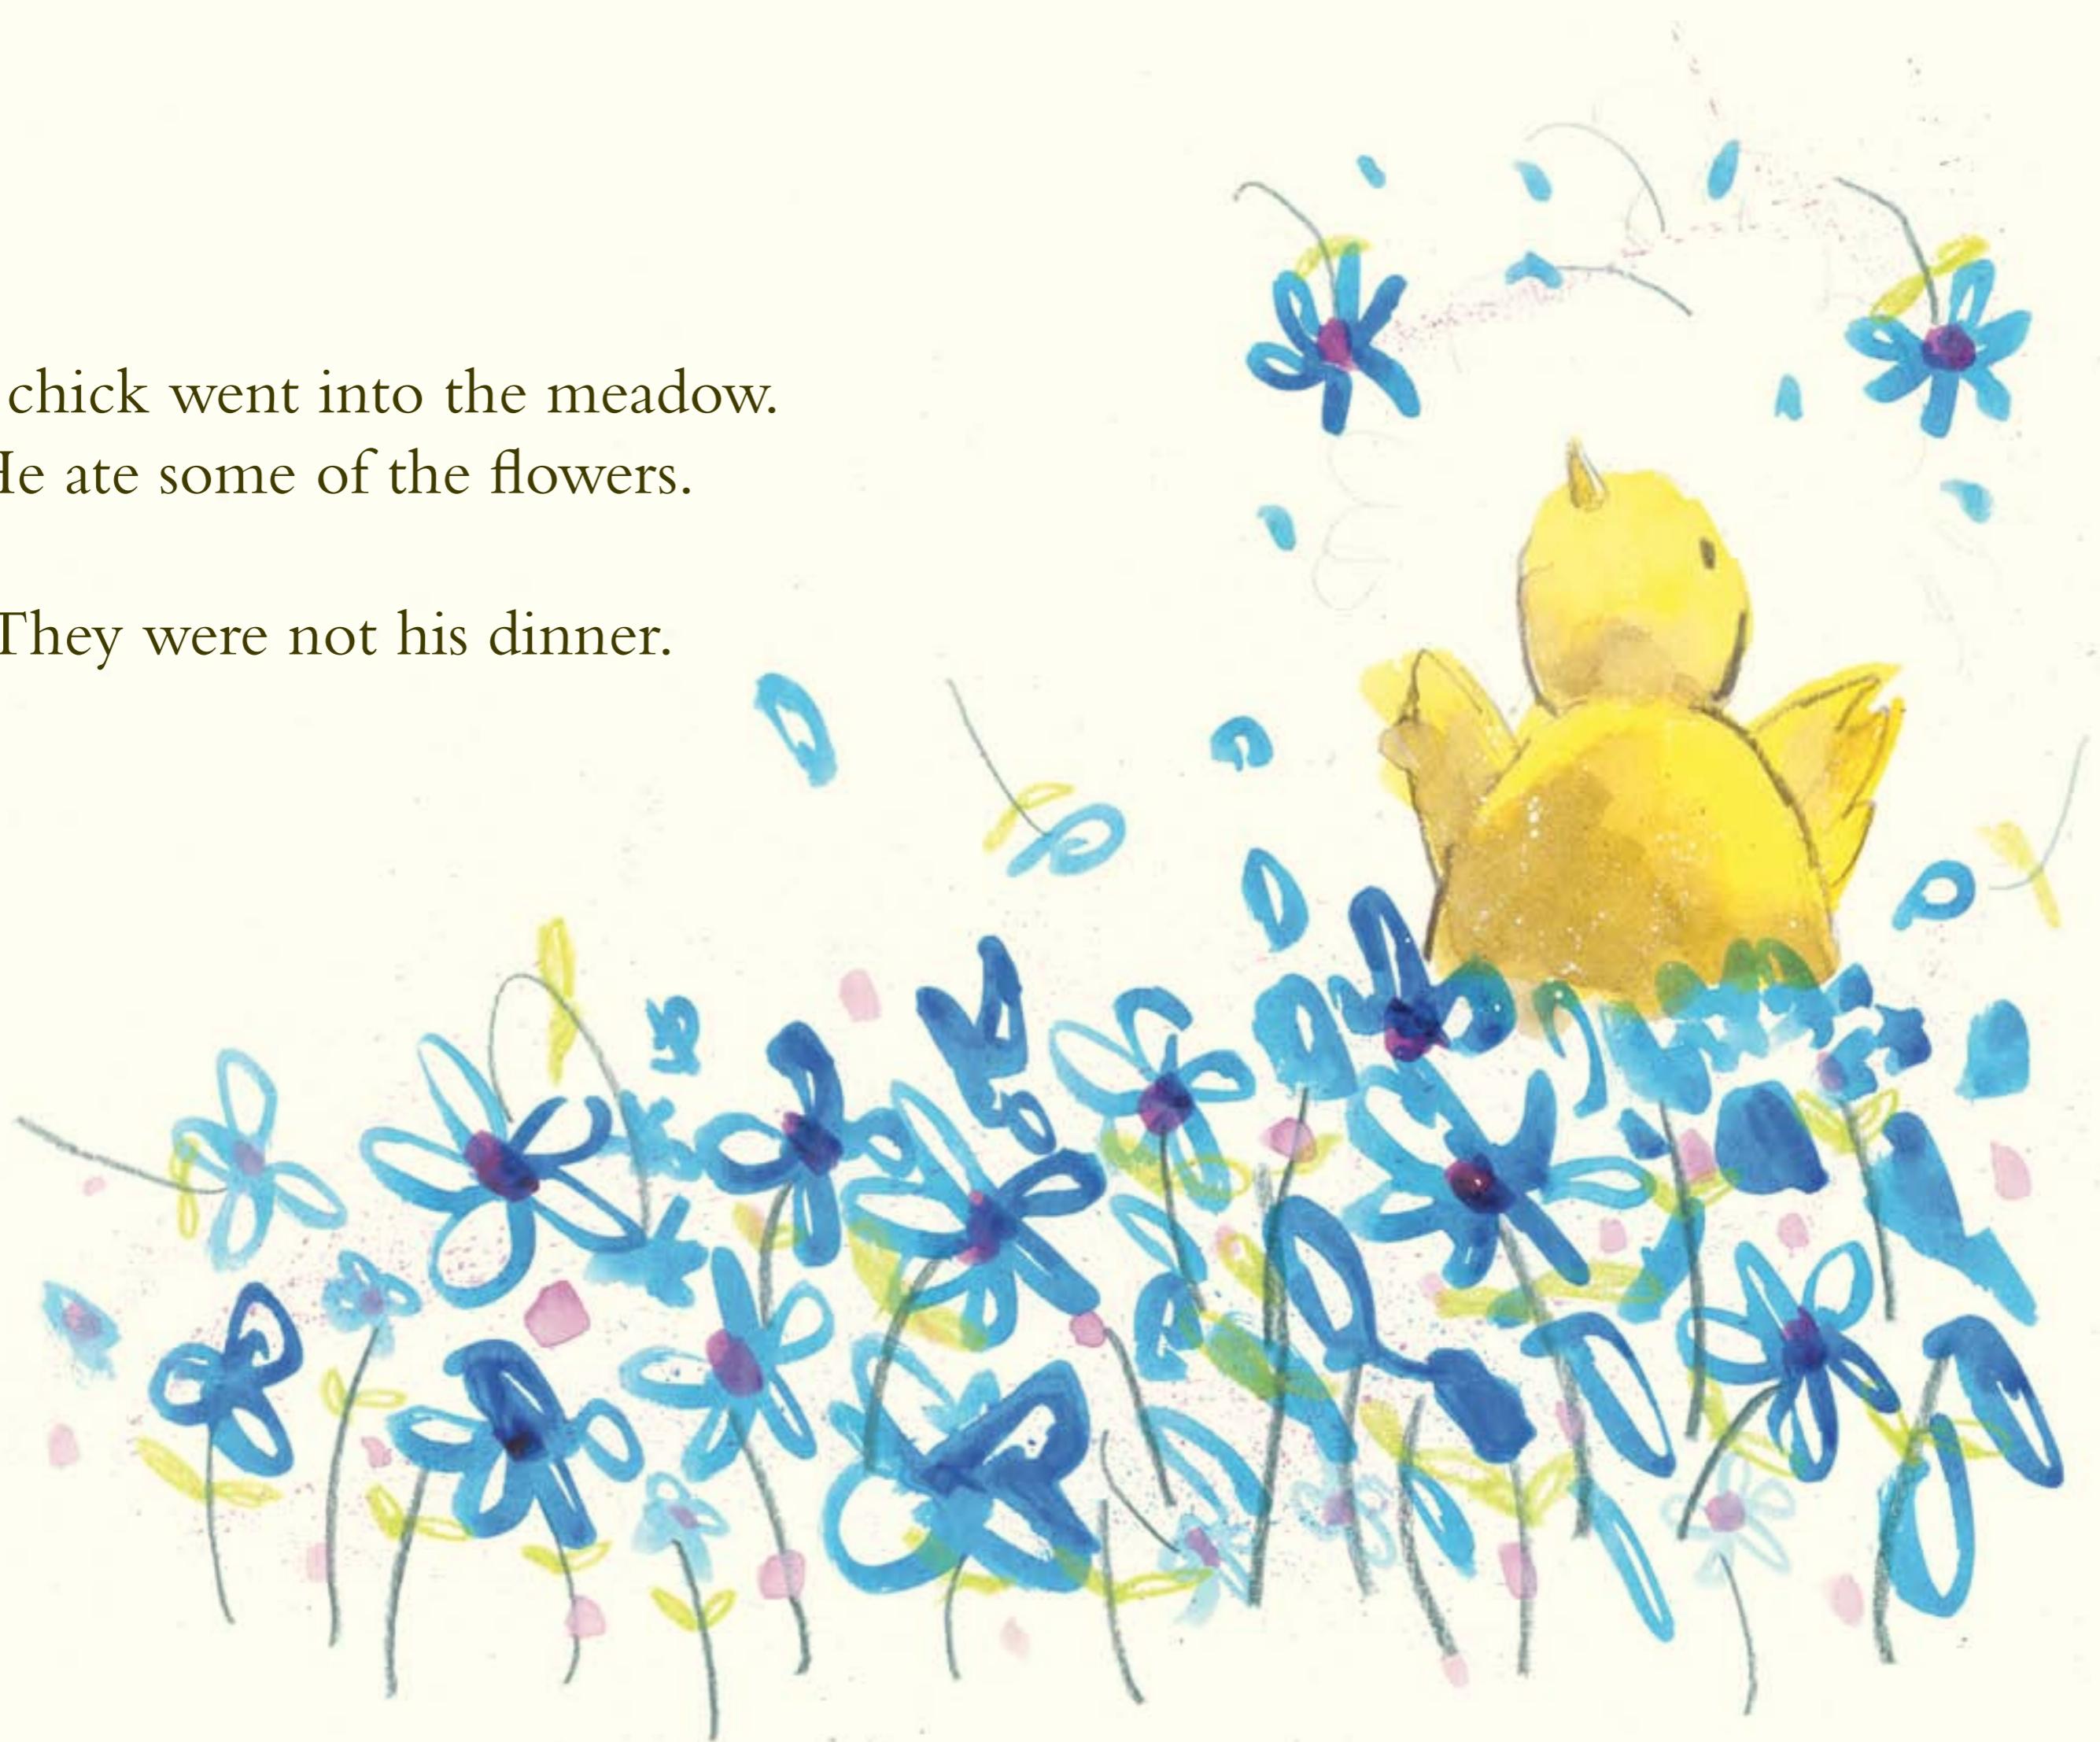

The chick was hungry
so he went in search of food.

He ate some seeds in the yard
But they were not his dinner.

The chick went into the meadow.
He ate some of the flowers.

They were not his dinner.

'I Want My Dinner' is the story
of a little chick who loves his dinner.
But because dinner is not ready yet
he goes on a journey to find it.
